

IHE Brief Profile Proposal– 2009-2010

This document is the first step in the IHE annual planning cycle. Interested persons and organizations are encouraged to submit proposals for consideration. In Step One, Brief Profile Proposals are collected and reviewed. If a proposal is accepted for further consideration, the profile submitter will be asked to complete a second more detailed document for further Committee review. We ask that this Brief Profile Proposal not to exceed two (2) pages in length. Thank you and please direct questions to secretary@ihe.net or to the primary Planning Committee point of contact as listed in the Call for Profiles email that included this document. Completed proposals should be sent to the Domain Planning Co-chairs as listed on the Call for Nominations email; please also cc: secretary@ihe.net. Thank you for your interest and support of IHE.

Proposed Profile	<i><insert initial working name here></i>
Proposed Editor	<i><name of author/editor/contact></i>
Date	<i><date of current profile version></i>
Version	<i><current version # of proposal – start at 0.1, 0.2, etc></i>
Domain	<i><identify the “field”, and/or relevant societies, etc.></i>

The Problem	<i><Summarize the integration problem. What doesn't work, or what needs to work.></i>

Key Use Case	<i><Describe a short use case scenario from the user perspective. The use case should demonstrate the integration/workflow problem. Feel free to add a second use case scenario demonstrating how it “should” work. Try to indicate the people/systems, the tasks they are doing, the information they need, and hopefully where the information should come from.></i>

Standards & Systems

<List existing systems that are/could be involved in the problem/solution. If known, list standards which might be relevant to the solution>

Discussion

<If possible, indicate why IHE would be a good venue to solve the problem and what you think IHE should do to solve it.>

<This [Brief] Profile Proposal must not exceed 2 pages in length>
