

HIMSS11 Interoperability Showcase™ Glossary
Integrating the Healthcare Enterprise (IHE) and
Health Information Technology Standards Panel (HITSP)

Integrating the Healthcare Enterprise (IHE) Profiles

ACM	Alarm Communication Management
APR	Antepartum Record
ARPH	Anatomic Pathology Reporting to Public Health
ATNA	Audit trail and Node Authentication
BPPC	Basic Patient Privacy Consents
CRD	Clinical Research Data Capture
CPI	Consistent Presentation of Images
CT	Consistent Time
DEC	Device Enterprise Communication
DSC	Drug Safety Content Profile
DSG	Digital Signature
DPI	Device Point-of-Care Integration
DSUB	Document Metadata subscription
EDES	Emergency Department Encounter Summary
EDR	Emergency Department Referral
IC	Immunization Content
IDCO	Implantable Device - Cardiac Observation
LDR	Labor and Delivery Record
LSWF	Laboratory Scheduled Workflow
MEM	Medical Equipment Management
MPQ	Multi-Patient Queries
MS	Medical Summary Document Content
NBS	Newborn Screening
PCD-01	PCD-01_IHE_PCD_TF_Rev1.pdf
PDQ	Patient Demographic Query
PEQD	Patient Demographic Query
PIV	Point-of-Care Infusion Verification
PIX	Patient Identifier Cross Referencing (PIX)
PRPH	Provider Reporting to a Public Health Repository
PWP	Personnel White Pages
QBD	Query for Bulk Data
QED	Query for Existing Data
QCRD	Clinical Research Document
RAD	Radiology
RFD	Retrieve Form for Data Capture
RMMS	Remote Monitoring Management System
RPE	Retrieve Protocol for Execution
RTM	Rosetta Terminology Mapping
SVS	Sharing Value Sets
SWF	Radiology Scheduled Workflow
WCM	Waveform Communication Management
XCA	Cross Community Access
XPHR	Exchange of Personal Health Record Content
XC-PD	Cross-Community Patient Discovery
XD-LAB	Sharing Laboratory Results
XDM	Cross-Enterprise Document Media Interchange
XDR	Cross-Enterprise Document Reliable Interchange
XDS	Cross Enterprise Document Sharing
XDS-I	Cross-Enterprise Document Sharing for Imaging
XDS-MS	Cross-Enterprise Document Sharing of Medical Summaries
XDS-SD	Cross-Enterprise Document Sharing of Scanned Documents
XPHR	Exchange of Personal Health Record Content
XUA	Cross Enterprise User Authentication
DSUB [New Directions]	Document Subscription

Health Information Technology Standards Panel (HITSP) Definitions	
C19	Entity Identity Assertion Component
C26	HITSP/C26 Nonrepudiation of Origin
C32	HITSP/C32 Summary Documents Using HL7 Continuity of Care Document (CCD)
C35	Lab Result Terminology Component
C37	Lab Report Document Component
C38	Patient Level Quality Data Document Using IHE Medical Summary (XDS-MS) Component
C47	Resource Utilization Component
C48	HITSP/C48 Encounter Document Using IHE Medical Summary (XDS-MS)
C62	Unstructured Document
C72	HITSP/C72 Immunization Message
C74	HITSP/C74 Remote Monitoring Observation Document
C76	HITSP/C76 Case Report Pre-Populate
C78	HITSP/C78 Immunization Document
C84	HITSP/C84 Consult and History & Physical Note
C151	Clinical Research Document Component
CAP 135	Retrieve and Populate Form
T15	HITSP/T15 Collect and Communicate Security Audit Trail
T16	Consistent Time
T17	HITSP/T17 Secured Communication Channel
T23	HITSP/T23 Patient Demographics Query
T31	Document Reliable Interchange
T33	HITSP/T33 Transfer of Documents on Media
T40	Patient Generic Health Plan Eligibility Verification Transaction
T63	HITSP/T63 Emergency Message Distribution Element
T64	HITSP/T64 Identify Communication Recipients
T73	HITSP/T73 Aggregate Device Information Communication
T81	HITSP/T81 Retrieval of Medical Knowledge
T85	Administrative Transport to Health Plan
TP13	HITSP/TP13 Manage Sharing of Documents
TP20	HITSP/TP20 Access Control
TP21	Query for Existing Data Transaction Package
TP22	HITSP/TP22 Patient ID Cross-Referencing
TP30	HITSP/TP30 Manage Consent Directives
TP49	Sharing Radiology Results Transaction Package
TP50	HITSP/TP50 Retrieve Form for Data Capture
TP89	Sharing Imaging Results Transaction Package
IS01	Electronic Health Records Laboratory Results Reporting Interoperability Specification
IS02	Biosurveillance Interoperability Specification
IS03	Consumer Empowerment and Access to Clinical Information via Networks Interoperability Specification
IS04	Emergency Responder EHR Interoperability Specification
IS05	Consumer Empowerment and Access to Clinical Information via Media Interoperability
IS06	Quality Interoperability Specification
IS07	Medication Management Interoperability Specification
IS08	Personalized Healthcare Interoperability Specification
IS09	Consultations and Transfers of Care Interoperability Specification
IS10	Immunizations and Response Management Interoperability Specification
IS11	Public Health Case Reporting Interoperability Specification
IS12	Patient-Provider Secure Messaging Specification
IS77	Remote Monitoring Interoperability Specification
